The following conditions for a SUP are from Article V, Section 355-35 (E) of the Village of Altamont Zoning Law.

- 1) The physical characteristics, topography and other features of the lot and the scale and physical design and other features of any new or existing buildings to be occupied by the use are suitable and adaptable for the proposed use without any modifications which would change the established character of the street or neighborhood setting.

- 2) The nature and intensity of operations of the use will not be more objectionable to surrounding properties than those of a permitted use.

- 3) The use is not in such proximity to a religious facility, school, community center, recreation place, or other prominent place of community activity and public assembly so as to regularly conflict with such other activity and thereby constitute a danger to health, safety or general welfare.
