Chairperson Hext opened the meeting at 7:02 p.m. and said welcome to the Village of Altamont Zoning Board of Appeals meeting. Our exits are behind you and here. For purposes of this meeting, it will be recorded. My name is Deb Hext. I am the Chair of the Zoning Board. I would like each of my members to introduce themselves starting with my left: Danny Ramirez, Sal Tassone, Bob Freeman Simon Litton, Barb Muhlfelder, James Sullivan, Alternate and Laura Murphy. We also have with us tonight, Gary Goss, our Building Inspector and Ginger Hannah, Village Administrative Assistant.

Our first item on tonight's agenda is a Public Hearing for a Special Use Permit for Eric Krans and Jen O'Connor to build an accessory dwelling as an in law apartment, to the footprint of the current garage, which is in disrepair. I'm going to read the public notice, which will open the Public Hearing. So after I read this notice, if everyone has anything to say and they'd like to step up, they can.

She read the Notice of Public Hearing request of Eric Krans and Jen O'Connor for a Special Use Permit under zoning law to permit construction of an accessory dwelling in-law apartment in the footprint of the current garage (see attached). Note that this meeting is being held in the Courtroom due to elections in the Village Hall. That opens the Public Hearing. I would encourage or invite anyone that has anything that they would like to ask the applicant or the board to please feel free to do.

Board Member Muhlfelder: I have a question.

Chairperson Hext: Okay.

Board Member Muhlfelder: Did you contact Jeff (Moeller) about the water and sewer?

Applicants Krans and O'Connor: We did.

Board Member Muhlfelder: Oh, good.

Applicants Krans and O'Connor: He came over and checked it all out and we spoke to him. He said the best thing to do is tap into our water and sewer. Not to add another tap into the actual sewer.

Board Member Muhlfelder: Good.

Board Member Freeman: And you'd have a separate meter?

Applicant Eric Krans: Yes.

Board Member Muhlfelder: Super.

Chairperson Hext: Okay. Anyone else? Laura? I know for this, you're alternate, just because James sat in last time. Do you have anything for anyone?

Board Member Murphy: I don't.

Chairperson Hext: Okay. All right. I don't have anything. So if the board has nothing and we have nothing from the public, I would like a motion to close the Public Hearing.

Board Member Freeman: I'll motion that.

Board Member Muhlfelder: I second.

Chairperson Hext: Roll call, please.

Secretary Hannah: **Roll Call: All in favor.** Note that Board Member Sullivan is considered a voting member tonight and Board Member Murphy is Alternate, to continue from ZBA meeting of 5/24/22 where Board Member Murphy was absent.

Chairperson Hext said: With that, I would like to read the Albany County Planning Board recommendation (see attached). They only have one thing on here: review by Albany County Department of Health for water supply, waste water discharge, and other required permits. So Ginger, that would have to be added to the resolution because that's separate - they're saying Albany County, not just Altamont.

Applicant Eric Krans: I contacted Albany County Department of Health and they said that because it's not a well or septic, that they don't have to be involved at all.

Board Member Tassone: Yeah. It's all public.

Chairperson Hext: Yeah. But we have nothing that says that.

Applicant Eric Krans: In writing.

Chairperson Hext: Yeah.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Applicant Eric Krans: Okay.

Chairperson Hext: The last notification we got from them was review by Albany County Department of Health for water supply, waste water discharge, and other permits. Gary, can you reach out to them?

Building Inspector Goss: I can do that.

Chairperson Hext: And ask them at least to send an email or something so that we have something in writing or some other way.

Building Inspector Goss: Do you have the contact information of who you spoke to?

Applicant Jen O'Connor: We can get it to you. Yeah.

Applicant Eric Krans: I'll send you an email.

Building Inspector Goss: Okay. Thank you. Yeah.

Chairperson Hext: Yeah. This is usually Gopika. She's the one that usually talks to us. From the Albany County Planning Board. If you want to ask her if a verbal is okay with the applicant or just get something in writing from Albany County. It's probably best something in writing from Albany County.

Applicant Eric Krans: Probably get it in writing, yeah. We can do both.

Board Member Sullivan: The recommendation doesn't have a sunset? Like they have 30 days to review it?

Applicant Eric Krans: No.

Chairperson Hext: It doesn't say that. No.

Board Member Ramirez: Excuse me. I'm looking at something that we did get from Albany County. The date is May. It's for 167 Maple.

Chairperson Hext: Yep. Is this what you're reading though? What I just read?

Board Member Muhlfelder: Yeah. It's the bottom bullet.

Chairperson Hext: Well, that bottom bullet is specific to what Albany County is required to do, not what we're required to do.

Applicant Eric Krans: I'm sure I could get it in writing. When I was on the phone, it was more, this is the first time I ever asked a question to anybody. And the way he responded was, "I don't

know why you're asking me. I don't have any need to deal with this because it's a Village water, Village sewer situation."

Building Inspector Goss: Yeah. So probably what we're going to want is for them to just say, "We defer to your DPW." And I know Jeff was already out there.

Chairperson Hext: Okay.

Board Member Litten: I have one, almost trivial question here. The illustration that you show of the building seems to show it being a one story structure. But there's something in the plan that shows a staircase.

Applicant Eric Krans: Yeah. We're going to put a little platform above the kitchen area for a loft.

Board Member Litten: Okay.

Applicant Eric Krans: And they thought it was a neat idea to throw a spiral staircase. But it might just be a little ladder or something along those lines. I don't know.

Chairperson Hext: Okay. If no one has anything else on the Board or from the public, I am going to ask for a motion to approve the Special Use Permit. Once that motion is done, I will read the resolution document that we have. So, could I have a motion first to approve the Special Use Permit for the accessory dwelling in-law apartment in the footprint of the current garage from Eric Krans and Jen O'Connor?

Board Member Simon: I'll make that motion.

Board Member Freeman: I'll second.

Secretary Hannah: **Roll Call. All in Favor.**

Chairperson Hext: And I will now read the resolution document to approve the special permit application. (see attached) And the motion was approved by, how do we have that Ginger?

Secretary Hannah: Yes, the motion was made by Simon and it was seconded by Bob. And it was all in favor.

Chairperson Hext: So all in favor. Okay. Thank you. You're good to go.

Applicant Eric Krans: Good. Thank you.

Chairperson Hext: Great. Thank you. Thank you. Good luck. Can't wait to see it. Again, I think it's a wonderful thing that you're doing for your Mom. I think that's just, that really hits home to me. So thank you. We need more people like you.

Applicant Eric Krans: Thank you. Thank you.

Chairperson Hext:

Thank you. See around the neighborhood. All right, let me get everything back in order here.

Building Inspector Goss: When I get that in writing, I'll make sure to send it to all of you guys.

Chairperson Hext: Okay. And then, we'll just have to make it part of the file.

Chairperson Hext: Okay. The next item on our agenda. Everybody got everything in order here? I know it kind of takes a while with things on two sides. So I'll give everybody a second. I'm going to read the public notice now, which will open the Public Hearing (see attached). She made note that this meeting is being held in the Courtroom due to elections in the Village Hall.

Okay. That opens the Public Hearing. And I invite anyone from the public that would like to have anything to say about this. Or if any Board members have anything to say, please feel free to say something. I know there aren't many members of the public here, but I do appreciate whoever does show up for our meetings. It's good to get everyone involved. Anyone on the Board have anything?

Board Member Ramirez: Okay. I'm going to throw a question out there. I was measuring the parking lot just this weekend. I bumped into Mr. Donato; he stopped over. He had the parking lot resurfaced, asphalted last year, and it was sealed this year. You've got to put some markings out there. I understand that. But I just wanted to make sure for our records that there were going to be enough parking spaces, accordingly. He had yet to do that. We understand that, but prior to it being sealed, I was over there and I took some pictures. Again, nothing was line delineated. So my question is to the owner is how many handicapped spaces do you have set aside?

Owner John Donato: Two.

Board Member Ramirez: There are two?

Owner John Donato: Two.

Chairperson Hext: So we know that's John, but do we want to have him say, "Hi, I'm John Donato?"

Owner John Donato: I'm John Donato.

Chairperson Hext: It's just being recorded that we have to have in the minutes who's speaking.

Owner John Donato: I understand.

Board Member Ramirez: Okay. On the south side of the building, with access to the laundromat, in terms of anybody in general, you have as I calculate 29 spaces available. On the north side, I don't see 11 spaces.

Owner John Donato: I guess it all depends on how you had them facing. Are they facing the long way to the creek or are you facing them into the creek?

Board Member Ramirez: Well, of course I'm going by your print, right?

Owner John Donato: Right, you have 11 there, but you have none against the building.

Chairperson Hext: That's yours.

Owner John Donato: This is mine. Oh, okay. This is 11 on the one side and then you got the ones against the building.

Board Member Ramirez: And what do you estimate you have there?

Owner John Donato: I don't know, probably five or six there.

Board Member Ramirez: Only because when you get down further, about 40 feet roughly from the sidewalk, you hit a chimney, which is six by two feet. It cuts any parking on that side. Because the parking lot diminishes on the right. It's kind of circular, a semi-circle. So you may have parking on the creek side. You won't have enough room.

Owner John Donato: So, there's still four parking spots there.

Board Member Ramirez:
How wide are you making your parking spot?

Board Member Freeman:
You've got apartments in there, right?

Owner John Donato: Right.

Board Member Freeman:
Okay. So I would assume that at least you probably have designated parking along the building. They would be preferred for the, or they'll probably be used for the tenants, assuming.

Chairperson Hext: Right?

Board Member Freeman: Yeah.

Owner John Donato: But what I'm trying to say is though, it depends how you're looking at the parking. How wide are your parking spots?

Board Member Ramirez: They're not mine. They're yours.

Owner John Donato: No. I'm talking about how you measured.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Board Member Ramirez: An average parking space would be about nine feet wide.

Owner John Donato: That's the average?

Board Member Ramirez: You get any smaller than that, you may not, well, suffice the code.

Applicant James Keleher: Can I make a statement? I'm James Keleher.

Applicant James Keleher: Even if we took the lower amount of parking spots, that should still be plenty. Because if we take eight for the tenants, right - there's four tenants times two would be eight spots. And then the laundromat and the store would share still over 20 spots. And I think that's bigger than almost any place in Altamont, even the Plaza.

Board Member Freeman: I can't really foresee - hopefully you're doing great business. Don't get me wrong. But the online is probably going to be a majority of what you're doing.

Applicant James Keleher: Yes. And plus, if that many people came in, I don't think the store would hold that many.

Board Member Freeman: And there was enough parking for the parts store.

Board Member Tassone: And in the past, like you said John, you've been there long enough. And in the past there haven't been any problems at all. And there's plenty of parking and everybody's in and out. There's not a waiting and it's like an overflow of people that I've seen and I've been here.

Applicant James Keleher: And again, a lot of it's going to be online sales.

Board Member Litten: Yeah, he said, 85% will be online.

Chairperson Hext: Right. I think what Danny is saying though, is that the drawing that you have doesn't really depict what's actually there. I don't want to put words in your mouth.

Board Member Ramirez: That, and only because you know, trying to approve this Special Use Permit for the square footage of the retail and apartments and the laundromat, is there enough parking available? It looks like it, but I'm not going to go by looks.

Chairperson Hext: I think given history there is, that's just my opinion. Is there handicapped spots that there's signage for those?

Owner John Donato: There was.

Chairperson Hext: There is?

Owner John Donato: No, there was under the driveway, right? We had the driveway printed blue.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Chairperson Hext: Oh, I see what you're saying. You had it repaved, okay.

Owner John Donato: But paved and then now it was resealed this year.

Chairperson Hext: But you'll correct that.

Owner John Donato: Right.

Chairperson Hext: So that, basically that takes away two spots because not just anyone can park there. Just from what I've seen and the amount of people that are usually there. I mean the laundromat's not open 24 hours, right?

Owner John Donato: Yes it is.

Chairperson Hext: Oh, it is? People go there in the middle of the night? That's when I should go there and do my comforters. You're there all the time. Have you ever seen a problem with parking?

Owner John Donato: Nope.

Chairperson Hext: Okay. Are the tenant spaces going to be designated?

Owner John Donato:

I can. I mean, if somebody parks there, there's enough for everybody.

Board Member Litten:

There's enough for everybody to go around, enough to go around.

Owner John Donato:

You know? It's never been an issue.

Board Member Litten:

It would seem that this new use would have less traffic than the previous use.

Chairperson Hext: All right. Well.

Board Member Freeman: I would just say that I'd hate to see an empty storage space. I think it would be a decent added addition, especially because I know nothing about computers and I can just go...

Board Member Muhlfelder: Yeah.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Owner John Donato: And plus money for the Village. You know what I mean? Because of the sales tax and everything else, to bring people into the Village and somewhere else.

Board Member Tassone: And we are now, there's people here and you want to keep them.

Chairperson Hext: Just, again, like Danny said, I don't think we're questioning whether or not we welcome business into the area. I think we're questioning whether or not the drawing that is going to be officially submitted is accurate, but I think you've clarified it. Danny, do you feel he's clarified it enough to answer the questions that you had?

Board Member Ramirez: Well, am I correct - you will be marking it. And also the handicapped spaces that were required and tenant spaces - that's between you and the tenants. Okay. And the signage. So that should be adequate. One more question for Gary, if he knows, on a retail end of it, the store, are there so many parking spaces needed, depending on the square footage of the structure?

Building Inspector Goss: I don't know the answer to that.

Chairperson Hext: In our code there are specific parking spaces based on the square footage of any space, but offhand I don't know what it is.

Board Member Ramirez: And then 20% of that could be part of the municipality parking.

Chairperson Hext: Municipal parking, yes.

Owner John Donato: But it must have been enough when we had the parts store.

Chairperson Hext: Yeah, exactly. I don't think I'd ever gone by there and seen an overabundance of cars.

Board Member Freeman: It's more of an in-and-out type of thing.

Chairperson Hext: I mean, I hope for James' sake that we will have parking problems, but I don't think we will.

Chairperson Hext: Okay. So if no one has anything else...

Board Member Muhlfelder: I have a question.

Chairperson Hext: Okay.

Board Member Muhlfelder: Just in the resolution to approve the Special Use Permit, the third bullet. Just for my clarification, it says, "Whereas, the proposed retail store will occupy an existing non- residential structure and there will be no exterior improvements," but there are going to be apartments.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Chairperson Hext: But the actual space that they're going to be in is non-residential. It has been non-residential.

Board Member Muhlfelder: Okay.

Chairperson Hext: It's always been the auto parts store. It was the bowling alley before.

Board Member Muhlfelder: Oh, okay.

Chairperson Hext: So yeah, I see where you're going with that though.

Board Member Muhlfelder: Thank you.

Chairperson Hext: Okay. Anyone else? Laura? I know you're hanging out in the back there. Okay. Then with that, could I have a motion to close the Public Hearing?

Board Member Ramirez: I make that motion.

Board Member Muhlfelder: I second it.

Chairperson Hext: Okay. Roll call please.

Secretary Hannah: **Roll Call: All in Favor.**

Chairperson Hext: Okay. With that, could I have a motion to approve the Special Use Permit after which I will read the resolution document?

Board Member Freeman: I make that motion.

Board Member Sullivan: I second it.

Chairperson Hext: Roll Call please.

Secretary Hannah: **Roll Call: All in Favor.**

Chairperson Hext: Okay. I will now read the resolution document (attached). She interjected that the Albany County Planning Board deferred to local jurisdiction, and that there were no conditions. The motions were received by...

Secretary Hannah: First motion by Bob Freeman. And seconded by James Sullivan.

Chairperson Hext: And all was approved. Okay, great. You're good to go.

Owner John Donato: Thank you.

Chairperson Hext: Thank you.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Applicant James Keleher: Thank you.

Board Member Muhlfelder: When are you opening?

Applicant James Keleher: I'm going to get in there to set up the online part and then probably about the middle of August. I'll put a thing in The Enterprise.

Chairperson Hext: Good. Great. One quick question before you go. Sign permit?

Building Inspector Goss: They haven't submitted anything yet.

Applicant James Keleher: Yes, I'm going to submit.

Chairperson Hext: Thank you. Good luck.

Applicant James Keleher: Thank you.

Chairperson Hext: Okay. I don't think there's any other business. Does anybody have anything that they'd like to bring up or discuss?

Board Member Litten: I do. The last meeting I mentioned that I was concerned that this property is currently in the flood zone. And that there are apartments there below grade. And the reason as I understand it is this was initially permitted before the current flood maps were available. So, then what do we do?

A discussion was had about whether the Board has to be concerned about below-grade structures in the flood zone. Chairperson Hext will follow up with Village Attorney Phillips. Building Inspector Goss will check with Fire Inspector Chuck Hughes.

Chairperson Hext also suggested we add it to the ZBA Checklist for Special Use Permits – to check if this property is in the flood zone. We should know that, based on the application and what they provide.

Board Member Ramirez: Well, that's right in the EAF. The EAF would show if any portion of that property is in the flood zone. Like the thing we first considered this evening, some of that property is in the flood zone, but the particular structure, I actually measured it, is 82 feet away from the outer edge of the current flood plain. So, what he said was absolutely true. It's not there. So it does require a little bit of digging. But it's not difficult to do.

Chairperson Hext: Okay. You good? We're not done yet.

Board Member Litten: I'm very happy about that. Yeah.

Chairperson Hext: We're not done yet. We have to review the minutes from May 24, 2022.

Board Member Sullivan made the motion to approve the minutes of May 24, 2022. Board Member Muhlfelder seconded.

This transcript was exported on Jul 01, 2022 - view latest version [here](#).

Secretary Hannah: **Roll call. All in favor.**

Chairperson Hext: Okay. Could I have a motion to adjourn the meeting please?

Board Member Muhlfelder made the motion. Board Member Tassone seconded.

Secretary Hannah: **Roll Call: All in favor.**

Chairperson Hext: Thank you everyone. Meeting was adjourned at 8:05 p.m.

Respectfully submitted,

Abandonment

19. If at any time during the Term, the Tenant abandons the Premises or any part of the Premises, the Landlord may, at its option, enter the Premises by any means without being liable for any prosecution for such entering, and without becoming liable to the Tenant for damages or for any payment of any kind whatever, and may, at the Landlord's discretion, as agent for the Tenant, relet the Premises, or any part of the Premises, for the whole or any part of the then unexpired Term, and may receive and collect all rent payable by virtue of such reletting, and, at the Landlord's option, hold the Tenant liable for any difference between the Rent that would have been payable under this Lease during the balance of the unexpired Term, if this Lease had continued in force, and the net rent for such period realized by the Landlord by means of the reletting. If the Landlord's right of reentry is exercised following abandonment of the premises by the Tenant, then the Landlord may consider any personal property belonging to the Tenant and left on the Premises to also have been abandoned, in which case the Landlord may dispose of all such personal property in any manner the Landlord will deem proper and is relieved of all liability for doing so.

Assignment and Subletting

22. The Tenant will not assign this Lease, or sublet or grant any concession or license to use the Premises or any part of the Premises. An assignment, subletting, concession, or license, whether by operation of law or otherwise, will be void and will, at Landlord's option, terminate this Lease.

Care and Use of Premises

23. The Tenant will promptly notify the Landlord of any damage, or of any situation that may significantly interfere with the normal use of the Premises.
24. Vehicles which the Landlord reasonably considers unsightly, noisy, dangerous, improperly insured, inoperable or unlicensed are not permitted in the Tenant's parking stall(s), and such vehicles may be towed away at the Tenant's expense. Parking facilities are provided at the Tenant's own risk.

Rules and Regulations

30. The Tenant will obey all rules and regulations posted by the Landlord regarding the use and care of the Building, parking lot and other common facilities that are provided for the use of the Tenant in and around the Building on the Premises.

General Provisions

31. Any waiver by the Landlord of any failure by the Tenant to perform or observe the provisions of this Lease will not operate as a waiver of the Landlord's rights under this Lease in respect of any subsequent defaults, breaches or nonperformance and will not defeat or affect in any way the Landlord's rights in respect of any subsequent default or breach.
32. This Lease will extend to and be binding upon and inure to the benefit of the respective heirs, executors, administrators, successors and assigns, as the case may be, of each party to this Lease. All covenants are to be construed as conditions of this Lease.

33. All sums payable by the Tenant to the Landlord pursuant to any provision of this Lease will be deemed to be Additional Rent and will be recoverable by the Landlord as rental arrears.
34. Where there is more than one Tenant executing this Lease, all Tenants are jointly and severally liable for each other's acts, omissions and liabilities pursuant to this Lease.
35. Time is of the essence in this Lease.
36. This Lease will constitute the entire agreement between the Landlord and the Tenant. Any prior understanding or representation of any kind preceding the date of this Lease will not be binding on either party to this Lease except to the extent incorporated in this Lease. In particular, no warranties of the Landlord not expressed in this Lease are to be implied.
